

SKU Live Date	March 1 st , 2011
Intro Phrase / Tagline	Mid tower size, full tower features.
Product Full Name/Title	Corsair Graphite Series 600T Mid-Tower Gaming Case
25-Word Product Description	The Corsair Graphite Series 600T was built with gamers in mind. With high performance dual 200mm fans for cooling, space for up to three high-end graphics cards, a mesh side panel that can accommodate up to four 120mm fans, and native support for SSDs, the Corsair Graphite Series 600T makes building a gaming computer easier than ever.
50-Word Product Description	Building a clean-looking, well-cooled system is easier and faster than ever with the Graphite Series 600T and our innovative cable routing design, tool-free drive bays, and dual 200mm fans with integrated fan controller. Fitting even the largest video cards is a breeze, literally, with the split hard-drive bay setup that allows direct airflow from the 200mm intake fan to reach up to three full-length graphics cards. Now with a mesh side panel that can accommodate up to four 120mm fans!
100-Word Product Description	<p>Inside the streamlined design of the Graphite 600T is a wealth of functionality that makes your build easier and enhances your computing experience.</p> <p>Building a clean-looking, well-cooled system is easier and faster than ever with our innovative cable routing design, tool-free drive bays, dual 200mm fans with integrated fan controller, and CPU backplate cutout. Fitting even the largest video cards is a breeze, literally, with the split hard-drive bay setup that allows direct airflow from the 200mm intake fan to reach your graphics card. Maintenance is simple and quick with externally accessible dust filters and quick-release door panels. Now with a mesh side panel that can accommodate up to four 120mm fans!</p> <p>The Corsair Graphite Series 600T is the gamer's dream case.</p>
Product Features	<ul style="list-style-type: none"> • Mesh side panel can accommodate up to four 120mm fans for outrageous cooling potential. • Easily accessible dust filters keep the cool air flowing over your valuable components. • Keep your system cool with the dual 200mm fans and rear 120mm fan. • Built-in compatibility for SSDs in the six hard drive bays gives you the flexibility you need. • Access your hardware faster than ever with easy side panel removal. • Install or upgrade your CPU heatsink quickly with the easy-access backplate cutout. • Optimize airflow and keep your system neat and tidy using the intelligent cable management system. • Front panel includes USB 3.0, USB 2.0, Headphone, Mic, and a four-channel fan controller.
